

6 JANUS ET CIE

janusetcie.com

The Chelsea indoor/outdoor rug collection is made from acrylic and polyester fibers, which are hand cut and layered, then interlocked by a patented needle punching technique. An EPA-approved antimicrobial finish permanently embeds silver particles in the material to prevent deterioration, odor and mildew growth.

7 CHILEWICH

chilewich.com/contract

Stripe brings together nine individual colors for a tonal effect. The Plynyl floor mat consists of the company's proprietary bi-color TerraStrand yarns, which are phthalate-free and contain 25 percent renewable vegetable content. Features Microban antimicrobial protection.

8 OW HOSPITALITY

owhospitality.com

In-house designers were inspired by neoclassical and Greco Roman influences in modern pattern styling to create the New Neo collection. The carpets and handtufted rugs have an aged patina overlay and are available in any of the company's 420 colors (shown in copper, gray and teal).

9 HIGH COUNTRY RUGS

customorientalrug.com

Wool and silk over a cotton foundation reference traditional fabric design elements of India in TSB Obscura. The customizable rug can be specified in a hand knotted or hand tufted construction, more than 600 colors, any size ranging from 4-by-6 ft. to 20-by-30 ft., and a variety of finish options including sculpted, high/low pile and no fringe.

10 DURKAN
